

To my fellow classmates,

My name is Abigail Dominguez-Trujillo and it is my desire to be considered as one of the class representatives for the Master's Class of 2018 at TouroCOM- Middletown. As class representative, I intend to work with each of you as a team by listening to your concerns about exams as well as other aspects of our program. I aspire to act as a liaison between the students and the faculty to ensure that your voices are heard.

I have maintained several leadership positions in the past which have taught me that keeping an open-mind and listening to other's concerns is integral for a group to function properly. With your assistance, I hope to better the foundation that Touro-COM has set for us by collaborating with any needed parties. This said, I will always be available to discuss any concerns you may have or just listen if you need to talk. I am organized, reliable, and I express my ideas confidently. My previous experiences have given me the opportunity to work with a diverse group of individuals which has honed my team work and communication skills. Ultimately, I believe I can be a good representation of the students within our class.

I am confident in my ability to represent our class and bridge the communication between us and our fellow faculty members. I am excited for the prospect of becoming involved with our school with your support. Thank you for your consideration.

Best regards,
Abigail Dominguez-Trujillo
